## Brighton Show – 10 November 2024

**ANIMAL HANDLING (Individual) PARTICIPANT RISK ACKNOWLEDGEMENT & WAIVER** Name of Participant:

..... Participant Address:

..... Contact Number of Participant:

..... Email

The Brighton Agricultural Society advise that participation (including passive participation) in animal handling at an agricultural show contains elements of risk, both obvious and inherent. The handling of animals is a dangerous recreational activity as animals can act in a sudden and unpredictable way, especially when frightened or hurt.

1. By signing this waiver, I acknowledge that:

- 1.1. participation in animal handling is a recreational service for the purposes of section 139A of the Australian Competition and Consumer Act (Cth) 2010, and also a recreational activity for the purposes of Section 19 of the Civil Liability Act (2002) TAS;
  - 1.2. participation in animal handling is a hazardous activity and may result in injury, loss, damage or death to me;
  - 1.3. participation in animal handling requires certain skills and experience. I declare that I have sufficient skills and experience to be able to safely and properly participate in the events;
  - 1.4. animals can act in a sudden and unpredictable ways, especially if frightened or hurt, or if exposed to loud or unfamiliar noises;
  - 1.5. animal showing events will be held in close proximity to rides and large groups of people, and that there may be loud and unfamiliar noises which can frighten animals;
  - 1.6. if the event is held outdoors, there are risks to me as a result of the weather conditions, including either extreme hot or cold weather, rain or wind;
  - 1.7. insects or other animals may cause animals to become frightened and act in an unpredictable way;
  - 1.8. there is inherent in events involving the handling of animals the risk of suffering injury including injuries caused by animals; and
  - 1.9. I use the facilities supplied for the event entirely at my own risk, as I find them and with the prior acceptance of the risk of possible danger to me.
2. If I suffer injury, loss, or damage (Loss) while participating in an animal handling event, I will not hold the Suppliers, their employees or agents legally responsible for any Loss I suffer. I will not sue the Suppliers, their employees or agents for any claims, costs, damages, or liability. I agree to release the Suppliers and their employees from legal responsibility for the services I have been provided and/or activity I have participated in.
  3. I acknowledge and agree that my participation in the event and associated activities is dangerous and may have inherent risks as a result of which personal injury (and sometimes death) may occur. I acknowledge that the event and associated activities carry with them a significant risk of physical harm. I accept and assume all such risks of personal injury or death in anyway whatsoever arising from these activities and hereby waive my individual right to sue the Suppliers for all claims I or my representatives may have for such personal injury or death against the Suppliers in regard to their negligence, breach of statutory duty or statutory guarantees arising from or in connection with these activities to the fullest extent permitted by law. Refusal of first aid is at the individual's own risk.
  4. At the time of participating in the event, I have not been to any degree under the influence of alcohol or illicit drugs.
  5. I will not consume any alcohol or illicit drugs while participating in the Event and agree that such use may result in my being excluded from the Event or other events with no entitlement to any refund of money paid for entry to the Suppliers.
  6. I agree to be bound by the rules and guidelines of the Brighton Agricultural Society as varied from time to time.

**Where the participant is over 18 years of age:**

I agree that I have read and understood this waiver prior to signing it and agree that this waiver will be binding on my heirs, next of kin, executors, and administrators.

I acknowledge that the Suppliers have permitted me to participate in the activity the subject of this document in reliance upon the matters acknowledged by me and the representations I have made herein.

I agree that this waiver shall be governed in all respects by and interpreted in accordance with the laws of Tasmania.

Signature: ..... Dated: ...../...../.....

**Where the participant is under 18 years of age (to be completed by a parent or guardian):**

Participant's Date of Birth.....

I ....., being a parent or legal guardian of the above-named participant hereby consent to my child participating in this event.

I confirm that I have read and understood and explained to the participant, this waiver prior to signing it and agree that this agreement will be binding on my (and his/her) heirs, next of kin, executors and administrators.

I acknowledge that the Suppliers have permitted the participant to participate in the activity the subject of this document in reliance upon the matters acknowledged by me and the representations I have made herein.

I agree that this waiver shall be governed in all respects by and interpreted in accordance with the laws of Tasmania

# NATIONAL SHEEP HEALTH DECLARATION - EXPLANATORY NOTES

## Overview

Completing this National Sheep Health Declaration (NSHD) will assist prospective buyers to make an informed decision about the health status and management history of these sheep. The NSHD is mandatory for all sheep movements in SA and for sheep being moved into NSW and Tasmania. It is voluntary in other states.

## Livestock Production Assurance (1)

Livestock Production Assurance (LPA) program accreditation means that a property must have a biosecurity plan for the property. The National Farm Biosecurity Reference Manual for Grazing Livestock Production can be used to develop plans or further information including templates is available at: [www.animalhealthaustralia.com.au/what-we-do/endermic-disease/farm-biosecurity-plan](http://www.animalhealthaustralia.com.au/what-we-do/endermic-disease/farm-biosecurity-plan)

## Footrot (3 and 4)

3. Virulent footrot is defined differently in each state. For information on this and interstate movements of sheep, producers should visit the relevant state department website or contact animal health staff from that department.

4. If answered Yes, all mobs should have been checked during at least one spread period, and any lameness investigated, with no symptoms of the disease observed. If answered no, producers can add any information about the disease and their management of it; e.g. whether any testing has been carried out, or what treatments may have been used recently.

## Lice (5)

All mobs should be checked for lice at least twice each year. Any sheep seen with rubbed fleece or pulled wool should be checked for lice as a matter of urgency. Further information is available at: [www.pardboss.com.au](http://www.pardboss.com.au)

## Approved Vaccinate (7)

- A sheep that is identified by an NLU5 (sheep) 'V' tag and is:
- vaccinated with an approved JD vaccine by 16 weeks of age, OR
  - vaccinated with an approved JD vaccine after 16 weeks of age, when the flock:
    - was in the SheepMAP, or
    - had undertaken a negative Faecal 350 test in the two (2) years preceding the vaccination, or
    - had a Negative Abattoir 500 status at the time of vaccination.

## SheepMAP (8)

An audited quality assurance program incorporating a property biosecurity plan, animal health risk assessment, testing, and movement controls that provide a source of low risk animals. Note - the level of testing varies depending on the status. Date of last test should be recorded in Q9.

## Types of tests that may be recorded (9)

**Faecal 350:** A test of 350 representative sheep over 2 years of age (or all sheep over 2 years of age in smaller flocks) by Pooled Faecal Culture (PFC) or High Throughput Johne's (HT-J) PCR in pools of up to 50 sheep. The sheep must have been on the property for at least 2 years.

**Abattoir 500:** At least 500 sheep, over 2 years of age, have been submitted to an abattoir in the past 24 months, in 1 or more lots, have been examined and all found negative for JD. The sheep must have been on the property for at least 2 years.

**Abattoir 150:** At least 150 sheep, over 2 years of age, have been submitted to an abattoir in the past 12 months, in 1 or more lots, have been examined and all found negative for JD. The sheep must have been on the property for at least 2 years.

## JD management practices (10)

Any other management practices carried out for JD could be recorded here; e.g. types of introductions to the flock, or veterinary investigations.

## Other relevant health information (11)

Any other information that a producer thinks may be relevant can be recorded here; e.g. participation in an active grower group, One Biosecurity, or other biosecurity initiatives, mulesing status, pain relief usage, etc.

## Declaration

Signing this declaration has legal significance under fair trading and other relevant state legislation. Regulatory authorities may also take legal action, and purchasers may seek damages for any information that is incorrect. Before signing you must be satisfied you understand all elements of the document, and these explanatory notes.

**For more information on biosecurity go to [www.farmbiosecurity.com.au](http://www.farmbiosecurity.com.au)**
